If your Scout will be leaving the event early, please indicate the time.

Time: _____

Scout's Signature: _____ Date: _____

Parent's Signature: _____ Date: _____

Halo is an M-Rated game, however many agree that the rating may be harsh. It does not portray as much gore or fowl language as other M-rated games. It is typically a popular game for the fun camp-in with up to 16 player matches. It is suggested that the parents do their own research on the game to make their decision. In the past we have used the same method of approving their scout to play Halo. If they don't meet the age requirements other M-rated games and you checked the box, they will still be kept away from other M-rated game. This is merely the single and only exception to the rule.
